

Sample Photographs – Applications

During the application process for a Summer Studentship we require a simple image of the student that we can use in any promotional material for successful Summer Studentships.

The image should be a head-and-shoulders photograph of yourself facing towards the camera and smiling. Make sure no part of your face is cropped out of the photograph (think passport photo but with a bit more personality!). If you have a photograph of yourself in a lab coat or laboratory this would be great, but don't worry if not.

Image requirements:

- **Highest resolution and size possible** (on a phone this be a minimum of 8Mp). This ensures that we are able to crop/edit the images as required for print and online media without affecting the quality of the image.
- **Must be unedited and unfiltered** (i.e. no Snapchat/Instagram filters).
- Photographs of yourself that you are **happy for us to use online and/or in press releases**.
- **Face towards the camera (and smile)!** People will connect with you more if you are looking at the camera.

- **Optional – with an animal:** A photograph of you with any pets or animals.

Below are some examples of the types of image that work well.
